Inams - Church inams - South Kanara District - classification at re-settlement, - orders solicited.

In G.O.No.2545 Revenue dated 23-8-1913, communicated with B.P. No.257, Press, dated 15-9-1913, certain lands held by the churches in South Kanara were ordered to be treated as inam. According to the instructions contained in B.P.No.119 Press, dated 30-4-1915, the description of inam fields as noted in the title deeds should be entered in the body of the accounts, the description according to the state of the ground if different, and the assessment appropriate thereto, being entered in the remarks column for facilitating the calculation of land cess. The description according to the state of ground can be ascertained only after actual inspection, but such inspection is not included among the items of field work specified in the Board's -- reference defining the scope of the simplified system of resettlement procedure ordered to be adopted in South - Kanara. Hence I request to be informed whether such lands should be inspected and the description according to the state of ground noted against the inam lands under reference in the diglott registers and adangals to be prepared for South Kanara.

S.A.23.2.33.

Special Settlement Officer.

DESPATCHED 24 FEB 1933

D.Dis. 1123-33.

Submitted.

2. Practically, there is no difference between Church inam lands and other ryotwari holdings in this District. Whatever particulars are required for being noted in statement No.9 are available in the Settlement A register. The procedure adopted in respect of holdings other than Church inam lands can, I think, be safely followed in the case of the latter as well. Practically, no useful purpose will be served by inspecting those lands as a special case. Lands due for reclassification will have been listed by the Shanbhogues for inspection in the ordinary course.

South Kanara Collector's Office,
Camp Hosdrug, dated 11-3-1933.

ON

The Collr. does not recommend any inspn. for the purpose. In the case of Salain Inam Bhd where inams

are more numerous than in S. Kensington

the Board has ordered that no extra. for

the purpose by the Lett. Dept. is necy

~~In~~ The no. of cases of the type referred

to by the S.S.O. will be very few. ~~It was suggested~~

~~by Dept~~ Hence that ~~Dept~~ ~~to be referred to them~~

Settlement- Resettlement - (South Kanara) - Inams - Church inams - Inspection.

F.935/33.

Please see pp.1-2 c.r. The remarks about state of ground and the corresponding assessment to be entered in the remarks column of the diglott register with reference to para 1 of B.P.119 dated 30-4-15 are required only for purposes of working out the cess due to local boards. There is no water rate levied in the S.Kanara Dt. The Collector says that particulars required for preparing account No.9 (which shows land cess) can be taken from the Settlement Register.

Thus the remarks in the remarks column of diglott register about state of ground in respect of inam lands are unnecessary. The S.S.O's query may be answered in the negative. A draft. order is put up.
